The Language of Nasty Women (And Other Gendered Insults)
Nov 09, 2016 · And yes, “nasty” in itself is not nice. But Deborah Tannen is one linguist who has noted that, like the word “bossy,” “nasty” is also becoming subtly gendered in the way it’s directed at women who aren’t exactly adhering to social expectations of deferential, non-threatening femininity. We might perceive an insult like a “nasty woman” very differently from a “nasty man.”

Old English language | History, Characteristics, Examples
In contrast to Modern English, Old English had three genders (masculine, feminine, neuter) in the noun and adjective, and nouns, pronouns, and adjectives were inflected for case. Noun and adjective paradigms contained four cases—nominative, genitive, dative, and accusative—while pronouns also had forms for the instrumental.

1-language.com
Due to this history of language, including English, gender pronouns, even when not speaking of a man, often skew to favor the masculine form. For example, in Spanish, if you want to talk about a group of women, you use the feminine form of “them.”

Femininities & Masculinities | Gendered Innovations
In everyday language, femininities and masculinities do not map onto biological sex. In any one culture, certain behaviors or practices may be widely recognized as “feminine” or “masculine,” irrespective of whether they are adopted by women or by men. Femininities and masculinities are not descriptors of sexual orientation.

Why Do Languages Have Gender? | K International
Jan 18, 2016 · Meanwhile, the Zande language of Africa divides nouns into 4 genders: masculine, feminine, animal and inanimate. However, some inanimate nouns that are important in Zande mythology are classified as animate. Other languages assign gender based on the ending of the word. For example, Spanish words that end in -a are usually feminine.

Masculine and feminine nouns in Spanish | SpanishDict
Spanish adjectives must match the nouns they describe in both gender and number. For example, apples (manzanas) are feminine in Spanish, so this word must be used with feminine articles like la, las, and una. Any adjective used to describe an apple in Spanish must also be feminine (for example roja).

Elision in English Language and Phonetics
Jun 14, 2020 · “It is very important to note that sounds do not simply ‘disappear’ like a light being switched off. A transcription such as /æks/ for acts implies that the /t/ phoneme has dropped out altogether, but detailed examination of speech shows that such effects are more gradual: in slow speech the /t/ may be fully pronounced, with an audible transition from the preceding /k/ and to the following /s/
