The Long Trench 2.0 - Peter Simkin - 2019-01-11

The Long Trench 2.0 is a New Approach to a long and original argument for understanding Sarajevo that goes deep into its history, starting with the

The Making of Christian Nationalism in the Habsburg Monarchy - 2019-05-17

In The Making of Christian Nationalism, Marko Matejicek examines the creation of the Christian nationalism, of which St. Ildefonso was the first incumbent, in the context of the Turnverein. The book aims to investigate how, in the late nineteenth century, the Turnverein came to be seen as a focal point for the development of a Christian nationalist identity that sought to unite Romanians with nomadic Turkic groups (Pechenegs, Uzes, Cumans) in the southern half of Hungary.

Constitutional and Historical Theory - 2019-01-11

The two-volume series Constitutions of the World is a comprehensive and up-to-date resource on the origins, development, and current status of constitutions around the world. It includes an introduction to constitutional law and its role in democratic governance, as well as detailed coverage of constitutional frameworks and institutions in various countries and regions.

With the fall of socialism in Europe, the former East bloc nations experienced a rebirth of nationalism as they struggled to make the difficult transition to a market economy and social transformation. This study explores the origins and development of the Czech National Renaissance, focusing on the role of intellectuals, writers, and political leaders in shaping the nation's character and future development. The author describes how intellectuals in eighteenth-century Bohemia and Moravia—the "patriotic intelligentsia"—used their writings to influence public opinion and promote national identity. This study offers a comprehensive analysis of the intellectual and cultural movements that contributed to the formation of the modern Czech nation.

The Reception of Ossian in Europe - 2019-04-26

This book offers a new perspective on the reception of Ossian, the fictional character created by James Macpherson, in eighteenth-century Europe. The author draws on a wide range of sources to explore how Ossian was interpreted and appropriated by intellectuals, artists, and politicians in various countries. This study also highlights the role of translation in the dissemination of Ossian's works, as well as the influence of Enlightenment ideas on the reception of Ossian's epic narratives.

The Role of Ossian's Works in National Identity Formation within the Habsburg Monarchy - 2019-04-19

In the Habsburg Monarchy, the reception of Ossian's works played a significant role in the formation of national identity, particularly in the context of the enlargement of the Austrian Empire. Ossian's works were translated into several languages and were widely read, contributing to the development of a shared cultural and linguistic heritage among the different ethnic groups within the empire. This study examines the reception of Ossian's works in the Habsburg Monarchy, focusing on the role of translations and the impact on national identity formation.

The Enlightenment and National Identity in Central Europe - 1994-04-26

In the Enlightenment and National Identity in Central Europe, the authors explore the role of the Enlightenment in shaping national identity in Central Europe. The book examines how ideas of liberty, equality, and democracy were transmitted and transformed in different regions and languages, leading to the emergence of national consciousness and the forging of national identities. This study offers a comprehensive analysis of the intellectual and cultural movements that contributed to the formation of the modern nation-state in Central Europe.

The National Identities of the Habsburg Monarchy explores the construction and evolution of national identities within the Habsburg Monarchy. This study offers a comprehensive analysis of the intellectual and cultural movements that contributed to the formation of the modern nation-state in Central Europe, focusing on the role of the Enlightenment in shaping national identity in the Habsburg Monarchy. This book provides a detailed exploration of the different national identities that emerged within the Habsburg Monarchy, including those of the Habsburg Monarchy itself and its constituent territories.

The Reception of Ossian in Europe - 2019-04-26

The Reception of Ossian in Europe explores the reception of Ossian, the fictional character created by James Macpherson, in eighteenth-century Europe. The author draws on a wide range of sources to explore how Ossian was interpreted and appropriated by intellectuals, artists, and politicians in various countries. This study highlights the role of translation in the dissemination of Ossian's works, as well as the influence of Enlightenment ideas on the reception of Ossian's epic narratives.
