Scholars attribute the collapse of the Soviet Union in part to the militarization of its economy. But during the Cold War, economic studies of the USSR largely neglected the military sector of the Soviet economy—its dominant and most successful part. This is all the more puzzling in that academic study of the Soviet economy in the US was specifically created to help fight the Cold War. If the rival superpower maintained the peacetime war economy, why did experts fail to tell us when it mattered? Vladimir Kontorovich shows how Western economists came up with strained non-military interpretations of several important aspects of the Soviet economy which the Soviets themselves acknowledged to have "civilianization" suggests that the neglect of the military sector was not forced on scholars of the Soviet economy by secrecy; it was their choice. The explanation of this choice in Reluctant Cold Warriors raises many questions about the internal workings of economic Sovietology and its intellectual and political background. Are peripheral academic fields mimicking the agenda of the discipline's mainstream more likely to produce faulty scholarship? Did the search for the essence of socialism distract researchers from the actual Soviet economy? Were economic Sovietologists under political pressure, and if so, in what direction? This book answers these questions in a way that has broad relevance for national security uses of social science today.

Reluctant Cold Warriors - Vladimir Kontorovich - 2019-09-02

Women, the State and Revolution - Wendy Z. Goldman - 1993-11-26
Focusing on how women, peasants and orphans responded to Bolshevik attempts to remake the family, this text reveals how, by 1936, legislation designed to liberate women had given way to increasingly conservative solutions strengthening traditional family values.

Women, the State and Revolution - Wendy Z. Goldman - 1993-11-26
Focusing on how women,
responded to Bolshevik attempts to remake the family, this text reveals how, by 1936, legislation designed to liberate women had given way to increasingly conservative solutions strengthening traditional family values.

This book seeks to understand the evolution of Soviet policy towards the countries of South Asia, the regional constraints and policy opportunities which influenced the policy process in Moscow, and the relationship between Soviet perceptions and policy objectives. The author divides Soviet foreign policy into three aspects: a perceptual aspect in which assessment of the regional and international environment occurs; a formulative aspect in which aims and strategies are developed; and an implementation aspect. The book analyses Soviet policy objectives and instruments in 1970-1978, which covers the Indo-Pakistani War and bilateral relations; 1979-1985, which covers the Soviet invasion of Afghanistan and its impact on regional politics; and 1985 to the present which examines the Gorbachev era and the withdrawal from Afghanistan.
family reunification and distinct historical phases:
1970-1978, which covers the Indo-Pakistani War and bilateral relations; 1979-1985, which covers the Soviet invasion of Afghanistan and and its impact on regional politics; and 1985 to the present which examines the Gorbachev era and the withdrawal from Afghanistan.

From Ostpolitik to Reunification - Avril Pittman
- 2002-05-02
Dr Avril Pittman outlines the main events after the Second World War and then focuses on four issues central to this relationship in the 1970s and early 1980s. She explores family reunification and emigration rights for ethnic Germans living in the Soviet Union.

Soviet Workers and De-Stalinization - Donald Filtzer
- 2002-08-08
A comprehensive study of the position of Soviet industrial workers during the Khrushchev years.

Soviet Workers and the Collapse of Perestroika - Donald Filtzer
- 1994-06-09
A comprehensive analysis of the role of labour policy in the development and ultimate collapse of Mikhail Gorbachev's reforms.
This 1994 book traces the Gorbachev's reforms.

**Government, Industry and Rearmament in Russia, 1900-1914** - Peter Gatrell - 1994-03-10
Using Russian archive materials, this study examines the ability of the tsarist government and Russian industrialists to respond to the multiple challenges of war, revolution, political reform, international diplomacy and rearment in the early 20th century.

This study demonstrates how Russian rightist organizations attempted to resolve the impasse between autocracy and constitutionalism in the Revolution of 1905. It concludes that they mobilized a substantial segment of public sentiment and helped induce the autocracy to reassert its authority.
work if they do, are questions and constitutionalism in the Revolution of 1905. It concludes that they mobilized a substantial segment of public sentiment and helped induce the autocracy to reassert its authority.

**Hungary's Negotiated Revolution** - Rudolf L. Tökés - 1996-09-28
A comprehensive study of the politics and personalities of the rise and fall of Hungary's communist regime, first published in 1996.

**Hungary's Negotiated Revolution** - Rudolf L. Tökés - 1996-09-28

**Deutsche Mark Diplomacy** - Randall E. Newnham - 2010-11-01
Whether economic sanctions work at all, and how they that have long been debated by scholars of international relations. Using a new analytic approach, which distinguishes between positive and negative sanctions and between specific and general sanctions, this book aims both to demonstrate the importance of economic linkage and to explain the variety of forms it can take. Deutsche Mark Diplomacy draws support for its theoretical arguments from a careful study of Germany's efforts to gain political leverage over Russia via economic means from 1870 into the 1990s. Focusing on two major powers over a long period, during which regimes changed and issues varied, Randall Newnham finds strong evidence to show that positive forms of linkage such as foreign aid and trade or credit incentives are more effective than negative types such as embargoes. His book significantly expands our understanding of the role played by economic sanctions in international politics at the
strong evidence to show that more systematic way of explaining German foreign policy.

Whether economic sanctions work at all, and how they work if they do, are questions that have long been debated by scholars of international relations. Using a new analytic approach, which distinguishes between positive and negative sanctions and between specific and general sanctions, this book aims both to demonstrate the importance of economic linkage and to explain the variety of forms it can take. Deutsche Mark Diplomacy draws support for its theoretical arguments from a careful study of Germany's efforts to gain political leverage over Russia via economic means from 1870 into the 1990s. Focusing on two major powers over a long period, during which regimes changed and issues varied, Randall Newnham finds positive forms of linkage such as foreign aid and trade or credit incentives are more effective than negative types such as embargoes. His book significantly expands our understanding of the role played by economic sanctions in international politics at the same time that it offers a more systematic way of explaining German foreign policy.

**National Identity and Foreign Policy** - Ilya Prizel - 1998-08-13

Examining the recent history of Poland, Russia and Ukraine, this book examines how national identity affects foreign policy decisions.

**National Identity and Foreign Policy** - Ilya Prizel - 1998-08-13

Examining the recent history of Poland, Russia and Ukraine, this book examines how national identity affects foreign policy decisions.

**Soviet Criminal Justice Under Stalin** - Peter H. Solomon - 1996-10-28
The first comprehensive account of Stalin's struggle to make criminal law in the USSR a reliable instrument of rule offers new perspectives on collectivization, the Great Terror, the politics of abortion, and the disciplining of the labor force.

**Soviet Criminal Justice Under Stalin** - Peter H. Solomon - 1996-10-28
The first comprehensive account of Stalin's struggle to make criminal law in the USSR a reliable instrument of rule offers new perspectives on collectivization, the Great Terror, the politics of abortion, and the disciplining of the labor force.

**Austerities and Aspirations**
- Béla Tomka - 2020-09-15
This monograph provides an analysis of the economic performance and living standard in Czechoslovakia and its successor states, Hungary, and Poland since 1945. The novelty of the book lies in its broad comparative perspective: it places East Central Europe in a wider European framework that underlines the themes of regional disparities and European commonalities. Going beyond the traditional growth paradigm, the author systematically studies the historical patterns of consumption, leisure, and quality of life—aspects that Tomka argues can best be considered in relation to one other. By adopting this “triple approach,” he undertakes a truly interdisciplinary research drawing from history, economics, sociology, and demography. As a result of Tomka’s three-pillar comparative analysis, the book makes a major
considered in relation to one the dynamics of economic growth in communist and postcommunist East Central Europe, on the socialist consumer culture along with its transformation after 1990, and on how the accounts on East Central Europe can be integrated into the emerging field of historical quality of life research.

other. By adopting this “triple approach,” he undertakes a truly interdisciplinary research drawing from history, economics, sociology, and demography. As a result of Tomka’s three-pillar comparative analysis, the book makes a major contribution to the debates on the dynamics of economic growth in communist and postcommunist East Central Europe, on the socialist consumer culture along with its transformation after 1990, and on how the accounts on East Central Europe can be integrated into the emerging field of historical quality of life research.

**International Economic Negotiation**

- Viktor Aleksandrovich Kremenyuk - 2000-01-01

This book should be of interest to students and scholars of international economics, international business, management and game theory.
This book should be of interest to students and scholars of international economics, international business, management and game theory.

**Patronage and Politics in the USSR** - John P. Willerton - 1992

How do Soviet politicians rise to power? How are national and regional regimes formed? How are conflicting political interests brought together as policies are developed in the Soviet Union? In Patronage and Politics in the USSR, first published in 1991, Professor John Willerton offers major insights into the patronage networks that have dominated elite mobility, regime formation, and governance in the Soviet Union during the past twenty-five years. Using the biographical and career details of over two thousand national leaders and regional officials in Azerbaijan and Lithuania, John Willerton traces the patron-client relations underlying recruitment, mobility, and strategies of power consolidation and coalition building used by Soviet chief executives since 1964 as well as the institutional links and policy outcomes that have resulted from network politics. The author also assesses the manner and extent to which leaders in politically stable and less stable settings, spanning different national cultural contexts, have relied upon patronage networks to consolidate power and to govern. Finally, Professor Willerton explores how, in a period of dramatic change, patron-client networks may have given way to institutionalised interest groups and political parties.

**Accounting for War** - Mark Harrison - 2002-07-18
A reconstruction and analysis
A reconstruction and analysis of the Soviet economy's wartime statistical record.

**Accounting for War** - Mark Harrison - 2002-07-18
A reconstruction and analysis of the Soviet economy's wartime statistical record.

**Imperial Russia's Jewish Question, 1855-1881** - John Doyle Klier - 2005-11-17
John Klier examines Russian public opinion on the 'Jewish Question' in the Russian Empire during a period of sweeping social and political reform. He studies the manner in which public opinion influenced, and was influenced by state policy towards the Jews, and traces the roots of modern antisemitism throughout Eastern Europe.

**Freedom and Terror in the Donbas** - Hiroaki Kuromiya - 2003-10-30
This is a book about the steppe frontier land on the border of Ukraine and Russia. A little-known former Cossack land, the Donbas remained a haven for fugitives, providing freedom to whoever needed it. As a result, Stalin's Terror was extraordinarily harsh in the Donbas. Drawing on much new information from formerly closed archives in Ukraine and Russia, the book paints a detailed yet panoramic picture of the tumultuous history of the Donbas and analyzes critical events in modern Ukrainian and Russian history from a regional perspective.
government expectations and
