The Barrio East Los Angeles, Long Beach and the Harbor, the Westside, and the San Fernando Valley—this illuminating guide shows how power operates in the shaping of places, and how contemporary communities reflect the challenges and potential of living in a pluralistic society. Groups like the East LA Balloon Club and the Bessie Coleman Aero Club were hard at work to revolutionize travel, with an aim to literally lift oppressed people out of poverty. With the help of a number of civic-minded individuals, including Mayor Norris Poulton, city planners, and others, the East Los Angeles Balloon Club was organized in 1916. The club provided a place for the many Mexican Americans who lived in the area to develop skills and knowledge in flight. The club's goal was to provide a path to success in aviation for those who were otherwise unlikely to have had the opportunity to pursue such a career. The club's success inspired others to create similar organizations, and the East Los Angeles Balloon Club eventually became one of the most successful in the country.

A history of the East Los Angeles Community Union, established to improve conditions in the barrio of East Los Angeles. It shows how it has had a pronounced impact on the area, providing social services, increasing human development, and, most recently, promoting environmental sustainability, through the formation of a community-based organization.

The East Los Angeles Balloon Club was the first of its kind in the United States, and it is often considered to be the birthplace of modern balloon flight. The club was founded by a group of Mexican Americans who were interested in the possibility of flight, and they began to work on developing a way to make it a reality. The club was able to attract a number of members who were dedicated to making the dream of flight a reality, and they worked together to develop the technology and skills needed to make it possible. The East Los Angeles Balloon Club was an important part of the history of aviation, and it played a key role in the development of the modern balloon industry.

The green of Boyle Heights—George J. Annez The image of Boyle Heights has a distinct cultural heritage that has been maintained since the very early days of the neighborhood. This is reflected in the vibrant community murals that spread new ideas about Mexican American history and identity. The community murals those artists painted in the barrios of East Los Angeles were a beautiful expression of the history and culture of the neighborhood.

Rainfall averages five inches and in drought years measures closer to zero. Her parents taught their children to thrive in this beautiful if harsh landscape prone to drought and flooding. This is a testament to the resilience of the Mexican American community.

The book offers a history of Chavez Ravine with special attention to the period after World War II to the early 1960s, studying Los Angeles and its political structure, resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans. During these historic walkouts, or "blowouts," the students were led by Sal Castro, a courageous and charismatic Mexican American.

The hit movie La Bamba (based on the life of Richie Valens), the versatile singer Linda Ronstadt, and the popular rock group Los Lobos all have roots in the dynamic Los Angeles counterculture. Mike Davis and Jon Wiener provide the first comprehensive movement history of L.A. in the sixties, drawing on extensive archival research and dozens of interviews with principal figures, as well as on the authors' personal experiences as activists. Following on from Davis's award-winning L.A. history, City of Quartz, the authors provide a fresh and revealing account of the history of the urban Chicano Movement.

University Park, Los Angeles - Charles Epting - 2013-07-02

University Park is one of Los Angeles’s most diverse and historic neighborhoods. Beginning with the founding of the University of Southern California in 1880, the area has hosted four Olympic Games and numerous presidents and has functioned as a backdrop for dozens of movies, along with countless other events of cultural and historical significance. Few areas in Southern California boast such a wide variety of historic residential, educational, and commercial buildings dating to LA’s earliest days.

Join author Charles Epting on this historical inventory of University Park’s significant moments and lasting legacy.
