15.3 Family Patterns in the United States Today - Sociology

It is interesting to see how the age at which people first get married has
changed. Figure 15.3 “Median Age at First Marriage for Men and Women,
1890-2009” shows that age at first marriage declined gradually during the
first half of the 20th century, before dropping more sharply between 1940
and 1950 because of World War II. It then rose after 1970 and today stands
at almost 28 years for

Voting behavior - Wikipedia

Voting behavior is a form of electoral behavior. Understanding voters' behavior can explain how and why decisions were made either by public decision-makers, which has been a central concern for political scientists, or by the electorate. To interpret voting behavior both political science and psychology expertise were necessary and therefore the field of political psychology emerged including

HOW IS THE INTERNET CHANGING THE WAY YOU THINK? |...
This year's Question is "How is the Internet changing the way YOU think?" Not "How is the Internet changing the way WE think?" We spent a lot of time going back on forth on "YOU" vs. "WE" and came to the conclusion to go with "YOU", the reason being that Edge is a conversation."WE" responses tend to come across like expert papers, public pronouncements, or talks delivered from stage.
