No matter the occasion, appreciation goes a long way. Whether you’re writing to a colleague, mentor or employee, a letter of appreciation is the perfect way to express gratitude and lift someone’s spirits. Use the following steps to get it right. And make sure to follow this helpful postcard writing tips and ideas to ensure that your message is heard.

1. The Familiar Letter as a Literary Genre in the Age of Pushkin

In the field of Russian literary studies, there is surprisingly little discussion of independent genres and their effect on the creativity of an era. The familiar letter in the eighteenth century, refined by Pushkin’s contemporaries, is far more than a personal note or a casual script. It is the expression of self, of ideas, of philosophical and aesthetic reflection.
