The basic formal definition of the IETF standards process is RFC 2026 (BCP 9). However, this document has been amended several times. The intellectual property rules are now separate, in RFC 5378 (BCP 78) (rights in contributions) and RFC 8179 (BCP 79) (rights in technology). Another update is RFC 5742 (BCP 92) (independent submissions to the RFC Editor).
