Scholarships & Graduate Awards | AIAA
To help support our future aerospace professionals, the AIAA Foundation provides scholarships and graduate awards annually to undergraduate and graduate students in science or engineering programs. In the past 20 years, the AIAA Foundation has provided over 1,300 scholarships and graduate awards to students at more than 150 colleges and universities worldwide.

Wright Company - Wikipedia

The Wright Company was the commercial aviation business venture of the Wright Brothers, established by them on November 22, 1909, in conjunction with several prominent industrialists from New York and Detroit with the intention of capitalizing on their invention of the practical airplane. The company maintained its headquarters office in New York City and built its factory ...

Братья Райт — Википедия

The first step in any new program or project is research. The Wright Brothers first performed a literature search to find out the state of aeronautical knowledge at their time. They wrote to the Smithsonian and obtained technical papers regarding aerodynamics. They read about the works of ...

Erwin Chargaff - Biography, Facts and Pictures
Lived 1905 – 2002. Erwin Chargaff’s research paved the way for the discoveries of DNA’s structure and its method of replication. His observation that DNA varies from species to species made it highly credible that DNA was genetic material. His identification of 1:1 ratios in DNA’s bases allowed James Watson and Francis Crick to see [...]
