Manual. Kelpie Book for Care, Costs, Feeding, Grooming, Health and Training. - George Hoppendale - 2015-11-01

Written by an expert dog whisperer and dog owner, the Kelpie Complete Owner's Manual has the answers you may need when researching this tireless herding breed. Learn about this highly energetic, very smart, purebred and find out whether or not this outstanding working dog will be the best choice for you and your family. Learn everything there is to know, including little known facts and secrets and how to care for every aspect of the Kelpie 's life. This manual contains all the information you need, from birth to the Rainbow Bridge, including transitioning through house breaking, care, feeding, training and end of life, so that you can make a well-informed decision about whether or not this dog is the breed for you. If you already have a Kelpie, this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner. The author George Hoppendale is an experienced writer and a true animal lover. He enjoys writing animal books and advising others how to take care of their animals to give them a happy home. Co-Author Asia Moore is a professional Dog Whisperer, Cynologist and Author, living on Vancouver Island, off the west coast of British Columbia, in Canada, who believes that all humans and dogs can live together in harmony. She and her dog whispering team, which includes an 8-year-old Shih Tzu named Boris, teach dog psychology to humans, to help alleviate problem behaviors that arise between humans and their canine counterparts so that everyone can live a happy and stress-free life together. Covered in this

treats and snacks - House training - Grooming - statistics - Before you buy - Choosing the right dog - Finding a breeder - Puppy proofing your home - The first weeks - Health and common health problems - Medical care & safety - Daily care - Feeding - Bad treats and snacks - Good treats and snacks - House training - Grooming - Training - Poisonous Foods & Plants - Caring for your aging dog . and much more.

Secrets of a Parallel Universe - Roy Masters - 1992

The notion of a parallel universe has intrigued the human mind for millennia. This book, however, is not about science fiction; it is about real life. Indeed, Jesus Christ himself, the most "real" human being that ever existed, spoke of the "Kingdom of Heaven" almost as though it were another dimension--a parallel universe.

Great Trainers Make It Happen - Ben Olson - 2007-09-28

ATTENTION TRAINERS: It's Not About YOU - It's About the LEARNER! What is the biggest mistake a trainer can make? Quite simply, it is focusing all of their efforts on themselves and not their students! Many inexperienced trainers fall into this trap, but it doesn't have to happen to you! This book provides easy-to-execute examples that, when utilized, will make any rookie trainer look like a seasoned pro in just one day! You will learn how to structure the classroom experience in such a positive way that I guarantee it will make a difference in your professional life and in the lives of your participants. The techniques outlined in this book will help you to become the Great Trainer you have always wanted to be - because although good trainers may know these methods, Great Trainers make it happen! Inside, you will discover how to: -Create an inviting physical and emotional learning environment for your students. An inviting learning environment leads to higher levels of participation, retention, and on-the-job application! -Be less of an instructor and more of a "Tour Guide." Utilizing tour guide techniques will make your class anything-but-ordinary, causing people to look forward to your next event! -Utilize Great Trainer techniques whether you're facilitating a 5-day course, a 60-minute training session, or a 15-minute presentation! -Apply the techniques that will help you go WACCO for your participants - without spending a dime! Get on the road to continuous training improvement and start reading!

Data Governance Simplified - Holly Starling - 2015-02-17

governance is using the business strategy to apply objectivity, economies, and efficiencies of scale to the processes necessary for the management of information in the achievement of business success. The point of Information or Data Governance is to create TRUSTED data for the business. But how is that actually done? This book is for the individual who is looking for a starting place for establishing a path to better information for their business through a data governance program. The book focuses on describing deliverables and techniques necessary to quantify and measure the Trust of information, including creating dashboards to monitor the success of the Information Management and Governance (IMG) Program as well as an overall Trust Dashboard for the enterprise. If you are trying to answer any of the following questions, then this book can help you out: How do we decrease the number of data silos? How much management and governance is needed for the data? Who owns the data? How do we get the business to trust the data? What measurements can I use to prove the data is good? What do I show executives to illustrate the progress of a data governance program? How can trust of business data be quantified? How is the relevance of data to the business determined? What is the appropriate level of management and governance necessary for the data? This book will help you answer these questions and start improving (and measuring the improvement) of data for your business. The book includes chapters that give a high level overview of data governance but focuses most of the attention on the deliverables and methods necessary to quantify and measure the Trust of data, thereby establishing clear measurements for success.

Osteopathy - Andrew Taylor Still - 2021-01-08
This antiquarian volume contains Andrew Taylor Still's 1902 treatise, "The Philosophy and Mechanical Principles of Osteopathy". Within this text, Still explores the principles that differentiate osteopathy from allopathy - and explains how to treat a variety of ailments and diseases. This detailed and accessible book written by the father of osteopathy himself is highly recommended for those with an interest in the subject. It will be of special utility to massage therapists and practitioners of allied treatments. Contents include: "My Authorities", "Age of Osteopathy", "Demand for Progress", "Truth is Truth", "Man is Triune", "Trash", "Osteopathy", "Nature is Health", "Our Relation to Other Systems", "Important Studies", etcetera. Many antiquarian books such as this are increasingly hard to come by and expensive, and it is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition. It comes complete with a specially commissioned new biography of the author.

Las novelas de Torquemada - Benito Pérez
Galdós - 1976

Las cuatro obras de Benito Pérez Galdós (1843-1920) agrupadas en este volumen bajo el título de LAS NOVELAS DE TORQUEMADA tienen en común la figura de su protagonista y el marco histórico de la España de la Restauración. El núcleo dramático de «Torquemada en la hoguera» es la conmoción espiritual que la grave enfermedad de su hijo produce en el prestamista; «Torquemada en la cruz», «Torquemada en el Purgatorio» y «Torquemada y San Pedro» narran el vertiginoso ascenso social del antiguo usurero, que se convierte en marqués por su enlace matrimonial con una aristócrata arruinada, es nombrado senador del Reino y acumula una enorme fortuna mediante especulaciones financieras.

If you have ever tried to learn another language, you know that learning it can be an extremely intimidating endeavor. Spanish Now! teaches you the essentials of learning conversation Spanish including:-Proper Grammar-Sentence Structure-Masculine and Feminine Conjugation-Essential

their native language, especially if you are a novice and indicate that you are trying to learn the language. When it comes to learning Spanish, you are already almost half way there because their language structure is extremely similar to English (with a couple of notable exceptions) and so many Spanish words and phrases have crept into everyday usage in the U.S. The biggest challenge with Spanish is vocabulary. Spanish Now! tackles vocabulary and takes you through the essentials you will need to have a solid Spanish-speaking foundation. Also, Since Spanish is one of the Romance languages, it's pronounced and sounds very different from English. Practicing out loud and watching supplemental videos is encouraged with this book to get the full understanding. Once you get the basics down you will find that having basic discussions is far less intimidating than it initially seems. Spanish Now! gives you the basic guidelines that will help you learn conversational Spanish to speak with anyone. Regardless of the nation a native Spanish speaker is from (ie. Mexico, Argentina, or Spain), you will be able to feel confident that you have the basics to converse in the Spanish language. Buy Spanish Now! and learn Spanish in a few weeks or less!

Learn Conversational Spanish - D. James Smith - 2015-11-13

If you have ever tried to learn another language, you know that learning it can be an extremely intimidating endeavor. Study Abroad - Mateo Warsteiner - 2014-12-20
Got study abroad on the brain? Curious as to what the experience is all about and how it can benefit your future? Take it from someone who has lived, volunteered and worked in study abroad for years. Not only will you get a first hand look at a student's entire semester abroad, but you'll also get an insiders glance at the step by step process in preparing to make it a reality, as well as how you can use the experience to your benefit once you return home. Along the way you'll pick up over 100 tips dealing with foreign languages, cultures, travel, food, romance, music and the many nuances of a semester overseas. If you're ready, step inside and live out a semester in Valencia, Spain, before ever stepping foot off campus. Get ready for action and adventure, passion and dancing and the mystical energy known to the Spanish, as el Duende. Be warned though, you will study abroad after you finish this book!

La tradición manuscrita de los Sueños de Quevedo y la primera edición - James O.

Crosby - 2005

Annotation Between 1605 and 1621, Quevedo wrote a sequence of five "Dreams" or "Visions" "(Suenos y discursos), in each of which he hilariously envisions Spanish society as populated by people rightfully condemned to Hell. These astonishingly witty and irreverent satires of contemporary Spanish culture, morality, prejudice and religious fanaticism, were composed in a style as allusive, elliptical and equivocal as to successfully entertain both those

import, and others who celebrated the poet's rebellious insinuations. Censorship prohibited the publication of such satire in its original form, but hundreds of copies were made by hand and circulated widely. In 1993 a critical edition of all of the surviving manuscripts was published. Crosby's work compares this version with all of the 43 extant manuscripts, and for the first time identifies those groups of manuscripts from which the publishers of the first edition derived their text. This text can now be seen as a version not only censored, but corrupted successively by copyists and editors who did not understand Quevedo's satire. The result is hardly what Spain's most famous satirist originally wrote.
