Robert Frost - Robert Frost - 1994
A collection of poems about the four seasons by one of best-known American poets.

Robert Frost - Robert Frost - 1994
A collection of poems about the four seasons by one of best-known American poets.

The Ordeal of Robert Frost - Mark Richardson - 1997
Through close readings of Frost's poetry and often ignored prose, Mark Richardson argues that Frost's debates with Van Wyck Brooks, Malcolm Cowley, and H. L. Mencken informed his poetics and his poetic style just as much as did his deep identification with earlier writers like Emerson and William James.

"Kids will discover the poetry of Robert Frost in this installment in the Poetry for Kids series. Professor, poet, novelist, and Frost biographer Jay Parini has carefully chosen 35 poems of interest to children and their families, including "Mending Wall," "Birches," "The Road Not Taken," "Fire and Ice," "Stopping by Woods on a Snowy Evening," and many more of Frost's favorite and most accessible works"--

A Collection of Poems by Robert Frost -

A Collection of Poems by Robert Frost -
American literary history, Robert Frost, born in California, lived much of his life in Massachusetts and New Hampshire, thus, his most popular poetry depicted subtle New England charm. Frost’s style was largely free verse, though he did find a fair amount of structure in poetry could often be inspiring. Forever searching for 'the sound of sense,' Robert Frost's lyrical poetry is eloquent, precise, and robust. The Collected Poems of Robert Frost, includes the inspiring poetry of Frost's first three collections, including his earliest major poems "The Road Not Taken" and "Mending Wall" making this edition one you shouldn't miss!

This definitive, paperback edition brings together more than three hundred fifty of Frost's poems, each one with annotations providing complete bibliographic information and noting any textual changes

Robert Frost - Jay Parini - 2015-06-09
This fascinating reassessment of America's most popular and famous poet reveals a more complex and enigmatic man than many readers might expect. Jay Parini spent over twenty years interviewing friends of Robert Frost and working in the poet's archives at Dartmouth, Amherst, and elsewhere to produce this definitive and insightful biography of both the public and private man. While he depicts the various stages of Frost's colorful life, Parini also sensitively explores the poet's psyche, showing how he dealt with adversity, family tragedy, and depression. By taking the reader into the poetry itself, which he reads closely and brilliantly, Parini offers an insightful road map to Frost's remarkable world.

Frost is praised for its realistic depiction of rural and elsewhere to produce this definitive and insightful biography of both the public and private man. While he depicts the various stages of Frost’s colorful life, Parini also sensitively explores the poet’s psyche, showing how he dealt with adversity, family tragedy, and depression. By taking the reader into the poetry itself, which he reads closely and brilliantly, Parini offers an insightful road map to Frost’s remarkable world.

Frost: Poems - Robert Frost - 2012-07-18
rom one of the most brilliant and widely read of all American poets, a generous selection of lyrics, dramatic monologues, and narrative poems—all of them steeped in the wayward and isolated beauty of Frost’s native New England. Includes his classics “Mending Wall,” “Birches,” and “The Road Not Taken,” as well as poems less famous but equally great.

The early works of beloved poet Robert Frost, collected in one volume. The poetry of Robert Frost is praised for its realistic depiction of rural life in New England during the early twentieth century, as well as for its examination of social and philosophical issues. Through the use of American idiom and free verse, Frost produced many enduring poems that remain popular with modern readers. A Collection of Poems by Robert Frost contains all the poems from his first four published collections: A Boy’s Will (1913), North of Boston (1914), Mountain Interval (1916), and New Hampshire (1923), including classics such as “The Road Not Taken,” “Fire and Ice,” and “Stopping by Woods on a Snowy Evening.” This handsome leather-bound volume is an elegant addition to every poetry lover’s shelf.

Selected Poems - Robert Frost - 1923

Robert Frost and the Politics of Poetry - Tyler Hoffman - 2001
A powerful and persuasive new reading of Frost as a poet deeply engaged with both the literary and public politics of his day.

Robert Frost's Poems - Robert Frost - 2009-04-09
A selection of more than one hundred of the great American poet’s most popular works includes “The Road Not Taken,” “Two Tramps in Mud Time,” “Stopping by Woods on a Snowy Evening,” “Birches,” and “The Gift Outright.” Reprint.

The Notebooks of Robert Frost - Robert Frost - 2006
Robert Frost is one of the most widely read, well loved, and misunderstood of modern writers. In his day, he was also an inveterate note-taker,
marking thematic connections within these and thoughts, observations, and meditations in small pocket pads and school theme books throughout his life. These notebooks, transcribed and presented here in their entirety for the first time, offer unprecedented insight into Frost's complex and often highly contradictory thinking about poetics, politics, education, psychology, science, and religion—his attitude toward Marxism, the New Deal, World War—as well as Yeats, Pound, Santayana, and William James. Covering a period from the late 1890s to early 1960s, the notebooks reveal the full range of the mind of one of America's greatest poets. Their depth and complexity convey the restless and probing quality of his thought, and show how the unruliness of chaotic modernity was always just beneath his appearance of supreme poetic control. Edited by preeminent Frost scholar Robert Faggen and annotated to help readers with the poet's more elusive references, the notebooks are also thoroughly cross-referenced, marking thematic connections within these and Frost's other writings, including his poetry, letters, and other prose. This is a major new addition to the canon of Robert Frost's writings.

The Notebooks of Robert Frost - Robert Frost - 2006

Robert Frost is one of the most widely read, well loved, and misunderstood of modern writers. In his day, he was also an inveterate note-taker, penning thousands of intense aphoristic thoughts, observations, and meditations in small pocket pads and school theme books throughout his life. These notebooks, transcribed and presented here in their entirety for the first time, offer unprecedented insight into Frost's complex and often highly contradictory thinking about poetics, politics, education, psychology, science, and religion—his attitude toward Marxism, the New Deal, World War—as well as Yeats, Pound, Santayana, and William James. Covering a period from the late 1890s to early 1960s, the notebooks reveal the full range of the mind of one of America's greatest poets. Their depth and complexity convey the restless and probing quality of his thought, and show how the unruliness of chaotic modernity was always just beneath his appearance of supreme poetic control. This is a major new addition to the canon of Robert Frost's writings.

In this incisive and highly readable study, Rachel Buxton offers a much-needed assessment of Frost's significance for Northern Irish poetry of the past half-century. Drawing upon a diverse range of previously unpublished archival sources, including juvenilia, correspondence, and drafts of poems, Robert Frost and Northern Irish Poetry takes as its particular focus the triangular dynamic of Frost, Seamus Heaney, and Paul Muldoon. Buxton explores the differing strengths which each Irish poet finds in Frost's work: while Heaney is drawn primarily to the Frost persona and to the "sound of sense", it is the studied slyness and wryness of the American's poetry, the complicating undertow, which Muldoon values. This appraisal of Frost in a non-American context not only enables a fuller appreciation of Heaney's and Muldoon's poetry but also provides valuable insight into the nature of trans-national and trans-generational poetic influence.

Engaging with the politics of Irish-American literary connections, while providing a subtle analysis of the intertextual relationships between these three key twentieth-century poets, Robert Frost and Northern Irish Poetry is a pioneering work.

**Robert Frost’s Poems** - Robert Frost -
2002-03-15
A selection of the American poet's most popular
works includes "The Road Not Taken," "Two
Tramps in Mud Time," and "The Death of the
Hired Man."

**The Poetry of Robert Frost** - Robert Frost -
2001
A volume comprised of over 350 poems that
brings together the full contents of all 11 of
Frost's books of verse, from "A Boy's Will" to "In
the Clearing". Edited by a Frost scholar and
friend of the poet, it also records extensive
bibliographic information and traces textual
changes.

**The Letters of Robert Frost** - Robert Frost -
2014-02-25
Pensive, mercurial, and often funny, the private
Robert Frost remains less appreciated than the
public poet. The Letters of Robert Frost, the first
major edition of the correspondence of this
complex and subtle verbal artist, includes
hundreds of unpublished letters whose literary
interest is on a par with Dickinson, Lowell, and
Beckett.

**The Poems of Robert Frost** - Mordecai Marcus -
1991
In writing this book, my intention is to fill a need not met by any of the excellent critical books and collections of essays about Robert Frost’s poems. A few of these books provide analysis of up to 50 or 60 of Frost’s poems. But none offers, as this work does, a basic commonsensical explication of all 355 poems in The Poetry of Robert Frost (1969), edited by Edward Connery Lathem, now the standard collection of Frost’s poems. - from the Introduction by the author.

**Toward Robert Frost** - Judith Oster - 1994-02-01

Every poem, Robert Frost declared, "is an epitome of the great predicament, a figure of the will braving alien entanglements". This study considers what Frost meant by those entanglements, how he braved them in his poetry, and how he invited his readers to do the same. In the process it contributes significantly to a new critical awareness of Frost as a complex artist who anticipated postmodernism—a poet who invoked literary traditions and conventions frequently to set himself in tension with them. Using the insights of reader-response theory, Judith Oster explains how Frost appeals to readers with his apparent accessibility and then, because of the openness of his poetry's possibilities, engages them in the process of constructing meaning. Frost's poems, she demonstrates, teach the reader how they should.
But in spite of his ties to New England, he was definitive reading. The reader's acts of encountering and constructing the poems parallel Frost's own encounters and acts of construction. Commenting at length on a number of individual poems, Oster ranges in her discussion from the ways in which the poet dramatizes the inadequacy of the self alone to the manner in which he "reads" the Book of Genesis or the writing of Emerson. Oster illuminates, finally, the central conflict in Frost: his need to be read well against his fear of being read; his need to share his creation against his fear of its appropriation by others.

The Robert Frost Encyclopedia - Nancy Lewis Tuten - 2001
Often thought of as the quintessential poet of New England, Robert Frost is one of the most widely read American poets of the 20th century. But in spite of his ties to New England, he was born in San Francisco; he published his first book of poetry in England rather than the United States; he matured as a poet during his years abroad; and upon his return to America, he sometimes taught at the University of Michigan and spent many of his winters in Florida. This reference book provides hundreds of alphabetically arranged entries on Frost's poems and illuminates the complexities of his life and writings. Entries are written by expert contributors and conclude with brief citations of additional sources of information. The volume includes a chronology and closes with a bibliography of major studies.

The Collected Poems - Robert Frost - 2013
No poet is more emblematically American than Robert Frost. Hailed as 'the most eminent, the most distinguished Anglo-American poet' by T.S. Eliot, he is the only writer in history to have been awarded four Pulitzer Prizes. In iconic poems like 'Stopping by Woods on a Snowy Evening', simple images summon the rural landscape of New England, and Frost unfailingly moves the reader with his profound grasp of the human condition. This is the most comprehensive and authoritative volume of Frost's verse available, comprising all eleven volumes of his poems, meticulously edited by Edward Connery Lathem.

The collected poems of Robert Frost in a convenient pocket volume.

Robert Frost - Peter James Stanlis - 2007
Robert Frost is by far the most celebrated major American poet of the twentieth century. In part, this is because his poetry seems, on the surface, to be so accessible, even homely. But Frost was not just a powerful writer of popular lyric and narrative verse, argues Peter J. Stanlis in this major contribution to American literary study and philosophy. Rather, his work is deeply rooted in a complex philosophical dualism that opposes both idealistic monism, centered in spirit, and scientific positivism, which posits that the universe can be understood as nothing but matter. InRobert Frost: The Poet as Philosopher, Stanlis shows how Frost’s philosophical dualism of spirit and matter is perceived through metaphors and applied to science, religion, art, education, and society. He further argues that Frost’s dualism provides a critique of the monistic forces that were instrumental in the triumph of twentieth-century totalitarianism. Thoroughly informed by his twenty-three year friendship and correspondence with Frost, Stanlis’s landmark volume is the first attempt to deal with the poet’s philosophy in a systematic manner. It will appeal not only to fans of Frost but to all who understand poetry as a form of revelation for understanding human nature.

**Robert Frost and the New England Renaissance** - George Monteiro - 2014-10-17

"A poem is best read in the light of all the other poems ever written." So said Robert Frost in instructing readers on how to achieve poetic literacy. George Monteiro's newest book follows that dictum to enhance our understanding of Frost's most valuable poems by demonstrating the ways in which they circulate among the constellations of great poems and essays of the New England Renaissance. Monteiro reads Frost's own poetry not against "all the other poems ever written" but in the light of poems and essays by his precursors, particularly Emerson, Thoreau, and Dickinson. Familiar poems such as "Mending Wall," "After Apple-Picking," "Birches," "Stopping by Woods on a Snowy Evening," "The Road Not Taken," and "Mowing," as well as lesser known poems such as "The Draft Horse," "The Ax-Helve," "The Bonfire," "Dust of Snow," "A Cabin in the Clearing," "The Cocoon," and "Pod of the Milkweed," are renewed by fresh and original readings that show why and how these poems pay tribute to their distinguished sources. Frost's insistence that Emerson and Thoreau were the giants of nineteenth-century American letters is confirmed by the many poems, variously influenced, that derive from them. His attitude toward Emily Dickinson, however, was more complex and sometimes less generous. In his twenties he molded his poetry after hers. But later, after he joined the faculty of Amherst College, he found her to be less a benefactor than a competitor. Monteiro tells a two-stranded tale of attraction, imitation, and homage countered by competition, denigration, and grudging acceptance of Dickinson's greatness as a woman poet. In a daring move, he composes -- out of Frost's own words and phrases -- the talk on Emily Dickinson that Frost was never invited to give. In showing how Frost's work converses with that of his predecessors, Monteiro gives us a new Frost whose poetry is seen as the culmination of an intensely felt New England literary experience.

His attitude toward Emily Dickinson, however, was more complex and sometimes less generous. In his twenties he molded his poetry after hers. But later, after he joined the faculty of Amherst College, he found her to be less a benefactor than a competitor. Monteiro tells a two-stranded tale of attraction, imitation, and homage countered by competition, denigration, and grudging acceptance of Dickinson's greatness as a woman poet. In a daring move, he composes—out of Frost's own words and phrases—the talk on Emily Dickinson that Frost was never invited to give. In showing how Frost's work converses with that of his predecessors, Monteiro gives us a new Frost whose poetry is seen as the culmination of an intensely felt New England literary experience.
