for those qualities. But so was Richard Falk, who later issued an apology for美味しい and dogs. Permit me to remind you of the weight of evidence before the countries. Very limited, however, has been the ongoing discount between stated project goals and factual activities. Beyond Common Knowledge examines the standard methods of legal and judicial reform. Taking stock of international experiences in legal and judicial reform in Latin America, Europe, India, and China, this volume answers key questions in the judicial reform debate: What are the common assumptions about the role of the courts in improving economic growth and democratic politics? Do we expect too much from the formal legal system? Is it innovating in judicial reform projects a good strategy for getting at the problems of governance that beset many developing countries? If not, what are we missing?

Beyond Common Knowledge - Erik Gilbert Jerome - 2003

"The legal good governance, which has led to a dramatic increase in judicial reform activities in developing countries. Very little attention, however, has been paid to the gap between theory and practice, or to the ongoing discount between stated project goals and actual activities. Beyond Common Knowledge examines the standard methods of legal and judicial reform. Taking stock of international experiences in legal and judicial reform in Latin America, Europe, India, and China, this volume answers key questions in the judicial reform debate: What are the common assumptions about the role of the courts in improving economic growth and democratic politics? Do we expect too much from the formal legal system? Is it innovating in judicial reform projects a good strategy for getting at the problems of governance that beset many developing countries? If not, what are we missing?"

Don't Get Ripped Off! Get Help! Tell It to George - Cynthia Berescott - 2004-09
Cynthia Berescott's book, Don't Get Ripped Off! Get Help! Tell It to George, reveals how to avoid identity theft, scams, con artists, bogus contests, and paying outrageous prices for anything!

Concubines in Court - Lisa Tran - 2015-06-01
This groundbreaking book marries family and reform in twentieth-century China. Lisa Tran's examination of changes in the perception of concubinage explores the subtle, yet very meaningful, shifts in the construction of monogamy in contemporary China. Equally important is her use of court cases to assess the waves of concubinage, which largely remained largely unchanged or quite disappeared in "modern" China. Customarily viewed as a minor wife because her "husband" was already married, a concubine found her legal status in question under a political order that came to be based on the principles of monogamy and equality. Yet although the custom of concubinage came under attack in the early twentieth century, the image of the concubine stirred public sympathy. What did lawmak...In Appeal to the People's Court: Rethinking Law, Judging, and Punishment, Vincent Luizzi turns to the goings on in courts at the lowest level of adjudication for fresh understanding but no insight. (From Hadrian's Echo) The author proceeds with penetrating analysis to give that insight as he sweeps the reader through the fascinating context of views, images and cases. Questions, perhaps never before addressed, are tackled: What is the difference between a critic of Israel and an against Israel? Why do some Israelis toil to make their country an outright among nations? How do people manage to deny the Holocaust without denying it? By what argumentative force do they project a ghost of guilt? Efraim Karsh, one of the most exalted of the Holocaust deniers, uses his books to accuse his opponents of trying to gain when the opponents are doing no such thing? But the reader will find Hadrian's Echo much more than a scholarly work. It has a collection of the best of the line. This book will be studied by the serious, intellectual reader, and its pages will be dog-eared, not only through the many insightful and often surprising anecdotes about things just as strange...In Appeal to the People's Court: Rethinking Law, Judging, and Punishment, Vincent Luizzi turns to the goings on in courts at the lowest level of adjudication for fresh understanding but no insight. The Jewish leftist lawyer Ernst Fraenkel was one of twentieth-century Germany's great intellectuals. During the Weimar Republic he was a shrewd constitutional theorist for the Social Democrats and in post-World War II Germany a respected political scientist who worked to secure West Germany's new democracy. This book homes in on the most dramatic years of Fraenkel's life, when he worked within Nazi Germany actively resisting the regime, both publicly and secretly. As a lawyer, he represented political defendants in court. As a dissident, he worked in the underground. As an intellectual, he wrote his most famous work, The Dual State – a classic text on anti-Nazi resistance – its nature, possibilities, and limits. With grit, daring and imagination, Fraenkel fought for freedom against an increasingly repressive regime.

High Crimes - Joseph Finder - 2011-03-01
Meet Claire Heller Chapman. A criminal defense attorney who’s made a name for herself by taking on—and winning—the toughest cases, Claire still manages to have a relatively calm life as a Harvard Law School professor, devoted wife, and proud mother to six-year-old Annie. Until one night, when the family is out having dinner, a team of government agents bursts onto the scene heading straight for Claire’s husband. Tom Chapman has been arrested for an atrocious crime he swears he did not commit. Claire is desperate to believe him—and prove his innocence—even when she learns that Tom once had a different name. And a different face. Now, in a top-secret court-martial conducted by the Pentagon, Claire will put everything on the line to defend the man she loves. But as the evidence keeps piling up, the less she knows who her husband really is and the more he appears to be a cold-blooded murderer—in Joseph Finder’s High Crimes.

The Soviet Union as Reported by Former Soviet Nationals Interview Report - - 1994-03-29
Rooted in the creative success of over 30 years of supermarket tabloid publishing, the Weekly World News has been the world’s only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading entertainment news site.
