Family of Strangers draws on hundreds of newspaper accounts, articles, and oral histories to provide the first comprehensive account of Jewish immigrants came in a small trickle during the middle of the nineteenth century, and then in larger numbers during the open-door era that stretched to 1924. They included Ashkenazim primarily from the cities, towns, and shtetls of central and eastern Europe and Sephardim from...
often through the voices of those who took part. Jews fleeing persecution by the Nazis and discrimination by the Soviet Union, their numbers grew with the arrival of American Jews who were part of the great westward movement in the postwar era. Isolated from the large centers of American Jewish life, speaking different languages -- German, Yiddish, Ladino, and others -- and following different religious customs, initially these groups had little in common other than their identification as Jews, but they succeeded in developing a community whose members made notable contributions to the civic and cultural history of Washington State. Regional politics, lively neighborhood histories, local responses to the plight of Europe's Jews during World War II, commercial and business enterprises, detailed histories of congregations, organizational philanthropy and social work, and the contributions of Washington's Jewish musicians and artists are presented in this generously illustrated book.

The vibrant life stories of dozens of notable local individuals are embedded in the overall context of how the Jews of Washington State organized a group of complementary and thriving cultural and religious communities. Molly Cone is the award-winning author of more than forty books for young readers. A native of Tacoma, she counts five generations of her and her husband's family born in Washington State. Lawyer and historian Howard Droker is the author of Seattle's Unsinkable Houseboats and numerous articles on Seattle's early Jews. Jacqueline Williams, also an award winner, is author of Wagon Wheel Kitchens, The Way We Ate, and The Hill with a Future: Seattle's Capital Hill 1900-1946, and lectures widely about pioneer life in the Pacific Northwest. All three authors live in Seattle.

The Columbia History of Jews and Judaism
in America - Marc Lee Raphael - 2008
This collection focuses on a variety of important
themes in the American Jewish and Judaic
experience. It opens with essays on early Jewish
settlers (1654-1820), the expansion of Jewish life
in America (1820-1901), the great wave of
eastern European Jewish immigrants
(1880-1924), the character of American Judaism
between the two world wars, American Jewish
life from the end of World War II to the Six-Day
War, and the growth of Jews' influence and
affluence. The second half of the volume includes
essays on Orthodox Jews, the history of Jewish
education in America, the rise of Jewish social
clubs at the turn of the century, the history of
southern and western Jewry, Jewish responses to
Nazism and the Holocaust, feminism's

question of what defines American Jewish

**Jewish Women Pioneering the Frontier Trail**
- Jeanne E. Abrams - 2006-09-29
The image of the West looms large in the American imagination. Yet the history of American Jewry and particularly of American Jewish women—has been heavily weighted toward the East. Jewish Women Pioneering the Frontier Trail rectifies this omission as the first full book to trace the history and contributions of Jewish women in the American West. In many ways, the Jewish experience in the West was distinct. Given the still-forming social landscape,

able to integrate more fully into local communities than they had in the East. Jewish women in the West took advantage of the unsettled nature of the region to “open new doors” for themselves in the public sphere in ways often not yet possible elsewhere in the country. Women were crucial to the survival of early communities, and made distinct contributions not only in shaping Jewish communal life but outside the Jewish community as well. Western Jewish women's level of involvement at the vanguard of social welfare and progressive reform, commerce, politics, and higher education and the professions is striking given their relatively small numbers. This engaging work—full of stories from the memoirs and records of Jewish pioneer women—illuminates the pivotal role these women played in settling America's Western frontier.

**The First to Cry Down Injustice** - Ellen Eisenberg - 2008
Although American Jews had already embraced the principle of fighting prejudice in all forms, western Jews often did not apply it to specific local issues involving Japanese Americans during World War II. In The First to Cry Down Injustice?, Eisenberg analyzes the range of Jewish responses—including silence, opposition to, and support for the policy—to the mass removal of Japanese Americans as the product of a distinctive western ethnic landscape.
As the 21st Century unfolds, the traditional welfare state that evolved during the 20th Century faces serious threats to the solidarity that social programs were meant to strengthen. The rise of populist and nationalist parties reflects the decline of a sense of belonging and inclusiveness that mass education and economic progress were meant to foster, as traditional politics and parties are rejected by working- and middle-class individuals who were previously their staunchest supporters. Increasingly, these groups reject the growing gaps in income, power, and privilege that they perceive between themselves and highly educated and cosmopolitan business, academic, and political elites. When Strangers Become Family examines the potential role of civil society organizations in guaranteeing the rights and addressing the needs of vulnerable groups, paying particular attention to their role in advocacy for and service delivery to older people. The book includes a discussion of the origins and functions of this sector that focuses on the relationship between the state and non-governmental organizations, as well as a close examination of Mexico – a middle-income nation with a rapidly aging population and limited state welfare for older people. The data reveals important aspects of the relationship among government actors, civil society organizations, and political parties. Ronald Angel and Verónica Montes-de-Oca Zavala ask the fundamental question about the extent to which civil society organizations represent a potential mechanism whereby vulnerable individuals can join together to further their own interests and exercise their individual and group autonomy.

**Strangers Always** - Rena Krasno - 1992
This is a story of coming of age in chaotic times during the war in the Pacific, from the unique perspective of a young woman in the Jewish community of Shanghai. We learn how events were perceived by people entrapped by war who endeavored to seek the truth through smuggled info., jammed radio broadcasts, and reading between the lines of Japanese censorship. The heroic efforts of people in the Jewish community in Shanghai to help refugees from the Holocaust are perhaps the most inspiring part of the narrative.

Sephardi and Mizrahi Jews in America includes academics, artists, writers, and civic and religious leaders who contributed chapters focusing on the Sephardi and Mizrahi experience in America. Topics will address language, literature, art, diaspora identity, and civic and political engagement. When discussing identity in America, one contributor will review and explore the distinct philosophy and culture of classic Sephardic Judaism, and how that philosophy and culture represents a viable option for American Jews who seek a rich and meaningful medium through which to balance Jewish tradition and modernity. Another chapter will provide a historical perspective of Sephardi/Ashkenazi

**Modern Families - Joshua Gamson - 2017-03-01**
A personal, intimate account of the extraordinary ways that today’s families are being created. From adoption and assisted reproduction, to gay and straight parents, coupled and single, and multi-parent families, the stories in Modern Families explain how individuals make unconventional families by accessing a broad range of technological, medical and legal choices that expand our definitions of parenting and kinship. Joshua Gamson introduces us to a child with two mothers, made with one mother’s egg and the sperm of a man none of them has ever met; another born in Ethiopia, delivered by his natural grandmother to an orphanage after both his parents died in close succession, and then to the arms of his mother, who is raising him solo. These tales are deeply personal and political. The process of forming these families involved jumping tremendous hurdles—social conventions, legal and medical institutions—with heightened intention and inventiveness, within and across multiple inequities and privileges. Yet each of these families, however they came to be, shares the same universal joys that all families share. A companion for all those who choose to navigate the world of modern kinship, Modern Families provides a “fascinating look at the remarkable range of experiences that is broadening the very idea of family” (Booklist).

A Family of Strangers - Emilie Richards - 2019-06-25

family barely seemed to notice. Now Wendy shares two little girls with her perfect husband while Ryan mourns the man she lost after a nearly fatal mistake in judgment. The sisters’ choices have taken them in different directions, which is why Ryan is stunned when Wendy calls, begging for her help. There’s been a murder—and Wendy believes she’ll be wrongfully accused. While Wendy lies low, Ryan moves back to their hometown to care for the nieces she hardly knows. The sleuthing skills she’s refined as a true-crime podcaster quickly rise to the surface as she digs for answers with the help of an unexpected ally. Yet the trail of clues Wendy’s left behind lead to nothing but questions. Blood may be thicker than water, but what does Ryan owe a sister who, with every revelation, becomes more and more a stranger? Is Wendy, who always seemed so perfect, just a perfect liar—or worse?

**Strangers in Paradise** - James Grubman - 2013-11-01

An astonishing fact is that the vast majority of the wealthy come from middle-class or working-class backgrounds. Born and raised in modest economic circumstances, they find themselves as adults in the wonderful but unfamiliar world of wealth, like immigrants to a new land. Their adjustment is often harder than they anticipate. Yet awaiting wealth's newcomers is an even more daunting task: how to raise children and grandchildren successfully in the family's new world of affluence. Written by a prominent wealth psychologist, Strangers in Paradise takes wealth's "immigrants and natives." Combining clear reasoning with real-world stories, Strangers in Paradise outlines for the first time how the key process for families of wealth - like all immigrant families - is adaptation.

The Cinematic City offers an innovative and thought-provoking insight into cityscape and screenscape and their inter-connection. Illustrated throughout with movie stills, a diverse selection of films (from 'Bladerunner' to 'Little Caesar'), genres, cities and historical periods are examined by leading names in the field. The key dimensions of film and urban theory are introduced before detailed analysis of the various cinematic forms which relate most significantly to the city. From early cinema and documentary film, to film noir, 'New Wave' and 'postmodern cinema', the contributors provide a wealth of empirical material and illustration whilst drawing on the theoretical insights of contemporary feminism, Benjamin, Baudrillard, Foucault, Lacan, and others. The Cinematic City shows how the city has been undeniably shaped by the cinematic form, and how cinema owes much of its nature to the historical development of urban space. Engaging with current theoretical debates, this is a book that is set to change the way in which we think about both the nature of the city and film. Contributors: Giuliana Bruno, Iain Chambers, Marcus Doel, David Clarke, Anthony Easthope, Elisabeth Mahoney, Will Straw, Stephen Ward, John Gold, James Hay, Rob Lapsley, Frank Krutnik.

**Going for the Christmas Tree** - Maryfran Stulginsky - 2013-06-24
We still have to get a tree. Who wants to bother with a live Christmas tree? They can be such a mess. I'll just run down to the lot on the corner. If I go close to the twenty-fourth, I can usually get a deal, and I'm in and out quickly. **Peri-urban Land Transactions** - Malizani Jimu
- 2012-08-16
This book explores the changing land relations in the peri-urban villages of Blantyre in Malawi. It questions and debates how and why the peri-urban villages have become the locus of the selling and buying of customary land, the practices and also the relations involved. The book provides rich ethnographic insights on the commodification of land relations, custom, practices, disputes and social relations between land sellers, land buyers, traditional leaders, and intermediaries. The transactions draw strength from the growing peri-urbanization and monetization of social relations, both of which push towards land decisions at family and individual levels. Bigger groups like the village, clan or extended family have minimal, if not materially by taking gifts (signing fee) rationalized by custom on reciprocity, while estate agents claim commission. Numerous constraints are negotiated about the ownership, rights to sale, multiple selling and the use and sharing of land money. Peri-urban land transactions offer scope for examining a wider range of social and economic relations, and the subtle ways in which the state infiltrates the everyday lives of actors. Overtime, the practices reproduce but also transform land relations in significant but less appreciated ways.

Numerous constraints are negotiated about the ownership, rights to sale, multiple selling and the use and sharing of land money. Peri-urban land transactions offer scope for examining a wider range of social and economic relations, and the subtle ways in which the state infiltrates the everyday lives of actors. Overtime, the practices reproduce but also transform land relations in significant but less appreciated ways.
The Matthewses knew their family wasn't done growing. Diana prayed for the perfect parents. Dias was waiting patiently for his Papa and Momma to take him home. They were all determined to have a family and were strangers that lived half a world away from each other. This is the true story of how a family grew through adoption. This experience is told through the memories of the original four Matthews’ family members and Diana and her brother Dias. This heart-warming book will give readers young and old, in a family or waiting for their Forever Families another reason to believe that dreams do come true! "Diana, now nine years old, had no idea that she was available to be adopted. She dreamed of the perfect parents she would want. She had not seen Dias for a long time. Diana wondered about how he was doing two years had gone by."

Strangers - Ursula Archer - 2018-01-09
Ursula Archer’s and Arno Strobel’s internationally bestselling Strangers is a shocking thriller and mind-bending must-read. It explores what happens when mysterious foul play causes a woman not to recognize or remember her fiancé, but forces the couple to trust each other and fight the odds. Trust or die. Imagine you’re home alone. Suddenly a man stands before you. He claims to be your fiancé. But you have no idea who he is. And nothing in your home suggests that someone lives with you. He’s talking to you, but nothing makes sense. You’re afraid. And you feel the irresistible urge to attack. Take a knife. Are you crazy? Imagine you come home and your fiancée doesn’t recognize you. She thinks you’re a burglar. Worse, a rapist. You just want to protect her, but she defends herself against your perceived threat and barricades herself behind a door. She claims you’re crazy. Are you? A woman. A man. The more they try to understand the situation, the more confusing it becomes. Soon they must realize that they are in deadly danger. And there’s only one chance for survival: they must trust each other.

The Culture of Building - Howard Davis - 2006-05-12
The Culture of Building describes how the built world, including the vast number of buildings that are the settings for peoples everyday lives, is the product of building cultures—complex systems of people, relationships, building types, techniques, and habits in which design and building are anchored. These cultures include builders, bankers, architects, developers, clients, contractors, craftspeople, building inspectors, planners, and many others. The product of these cultures, which operate building after building, is the built world of cities and settlements. In this book, Howard Davis uses historical, contemporary, and cross-cultural examples to describe the nature and influence of these

the general cultures in which they exist, how they have changed over history, how they affect the form of buildings and cities, and how present building cultures, which are responsible for the contemporary everyday environments, may be improved. Following the development of the idea of building cultures using several historical examples, the book lays out a framework that puts such topics as craft and professionalism, the vernacular and nonvernacular, and design and construction in common frameworks. Although the book ranges widely over different cultures and historical periods, it emphasizes the transformations that took place in architecture and building practice from the late eighteenth century to the present. Finally, the book uses a series of contemporary examples that demonstrate the building culture as a living concept. These examples, which include built work as well as innovative processes that go beyond the work of architects alone, are
contemporary, and cross-cultural examples to emergence of a better build world. This beautiful book features over 260 color and black-and-white illustrations, most from the authors extensive collection of slides, and includes photographs, prints, and drawings from historical archives and contemporary architectural offices.

When you work with family, business is personal. That can be a dream or a nightmare. What makes the difference? Knowing how to navigate well your differences and the multiple roles you share. When you are family, coworkers, co-owners, differences abound - opinions, values, preferences. How can you keep differences from being divisive? Through real-life case studies, *In the Company of Family* reveals the principles of boundaries, which will help you thrive even though business is personal. You will meet families in business who navigate challenges such as these: - Sibling relationships are severed when they disagree about ownership. How can they overcome irreconcilable differences? - A talented family member does not meet the company's criteria for promotion. Should a capable family member be passed over or should the rules be bent? - A father feels guilty that non-family executives are better suited to run the business than his children. Which is more important, family or skill? - A successor feels disrespected when his father treats him like a child in front of employees. How can he get his father to treat him with more respect? - A CEO is diagnosed with dementia. How can the family honor his dignity without compromising the business? - A family member's substance abuse tarnishes the law firm's image. Is it right to fire her? In the Company of Family will teach you how to enhance family relationships, individual well-being, and business vitality - three priorities not easy to balance.

Why is there a gap in Jules’s baby album? A wry and poignant coming-of-age novel about finding the truth in lies, salvaging hope in heartbreak, and making peace with missing pieces. Eighteen-year-old Jules has always wished for a close-knit family. She never knew her father, and her ex-addict mother has always seemed more interested in artistic endeavors than in bonding with her only daughter. Jules’s life and future look as flat and unchanging as her small Illinois town. Then a simple quest to find a baby picture for the senior yearbook leads to an earth-shattering discovery: for most of the first two years of her life, Jules lived in foster care. Reeling from feelings of betrayal and with only the flimsiest of clues, Jules sets out to learn the truth about her past. The Promise (revised Version) - Jacques Besnainou - 2014-09-01
Fulfilling a promise made to his mother when he was a child and she was losing her battle against cancer, Jacques Besnainou tells her story as a "hidden" child in France during World War II. He chronicles the struggles and survival of two families: his mother's and his mother-in-law's. Both lived through a terrifying ordeal provoked by the willful blindness of a government gone mad. And both were rescued thanks to the miraculous intervention of courageous people who listened to their conscience and challenged the established order, often at the expense of their own lives. In 1940, about 330,000 Jews lived in France, and three-quarters survived
thanks to the exemplary altruism of ordinary French people. This book pays homage to them. Every story and location, as well as most of the dates and names, are true. Some details have been slightly romanticized to add texture and readability to this novelized history.
