**Becoming Somebody in Teacher Education** - Kari Kragh Blume Dahl - 2021-03-02

Becoming Somebody in Teacher Education explores the realities of contemporary teacher education in Kenya. Based on a long-term ethnographic fieldwork, it views the teacher training institution as a space to grow, become and be shaped as teachers in complex moral worlds. Drawing on a rich conceptual and theoretical vocabulary, the book shows how students in these teacher education institutions constantly negotiate and confront the complex constructions of ethnicity, gender and class, as well as moral, religious and academic issues and a lack of resources encountered in the different institutional cultures. It outlines a complex array of concerns affecting student teachers that shape what professional becoming means in a stratified and diverse culture. This story of the process of growing up and becoming a professional teacher in an African setting will appeal to researchers, academics and students in the fields of teacher education, organizational studies, international education and development, social anthropology and ethnography.

**Ethnic Community Builders** - Francisco Jiménez - 2007-08-10

Ethnic Community Builders: Mexican-Americans in Search of Justice and Power is an oral history of Mexican-American activism in San José, California, over the last half century. The authors present interviews of 14 people of various stripes—teachers, politicians, radio personalities—who have been influential in the development of a major urban center with a significant ethnic population. These activists tell the stories of their lives and work with engaging openness and honesty, allowing readers to witness their successes and failures. This vivid ethnography of a Mexican-American community serves as a model for activism wherever ethnic groups seek change and justice.

A wry and witty meditation on modernity's obsession with youth and its denigration of maturity In Why Grow Up? the philosopher Susan Neiman asks not just why one should grow up but how. In making her case she draws chiefly from the thought of Kant and Rousseau, who articulated very different theories on the proper way to "come of age." But these thinkers complement each other in seeking a "path between mindlessly accepting everything you're told and mindlessly rejecting it," and in learning to live without despair in a world marked by painful realities and uncertainties. Neiman challenges both those who dogmatically privilege innocence and those who see youth as weakness. Her chief opponents are those who equate maturity with cynicism. "In our day it is more common to meet people who are stuck in the mire of adolescence. The world turns out not to reflect the idea and ideals they had for it? So much the worse for ideals." To move beyond these immature positions, Neiman writes, is not simply to lapse into quiet resignation but to learn to take joy and satisfaction in what can be done and known, and to face rather than feel defeated by our inevitable limits.

Count Us In - Jason Kingsley - 1994-01-12
Award winner: “Hearing about Down syndrome directly from these young men has a good deal more impact than reading any guide from a professional.” —Booklist This book is in Mitchell and Jason’s own words... We wanted readers to have a true-to-life sense of their charm, their directness, their humor and warmth, and, yes, their intelligence. At ages nineteen and twenty-two, respectively, Jason Kingsley and Mitchell Levitz shared their innermost thoughts, feelings, hopes, dreams—and their experiences growing up with Down syndrome. Their frank discussion of what mattered most in their lives—careers, friendships, school, sex, marriage, finances, politics, and independence—earned Count Us In numerous national awards, including the EDI Award from the National Easter Seal Society. More important, their wit, intelligence, candor, and charm made for a powerful and inspirational statement about the full potential of people with developmental disabilities, challenging prevailing stereotypes. In this edition, with a new afterword, the authors also discuss their lives since then: milestones and challenges, and changes both expected and unexpected. “Their parents were told to expect nothing. But Jason Kingsley and Mitchell Levitz were lucky, because their parents didn’t listen. They gave their sons that chance to show how far they could go—and they've astounded everyone!” —Jane Pauley “This single volume will do more to change stereotypes about Down syndrome than any book I have read. These two young men steal our hearts and wash away generations of misconceptions.” —Mary L. Coleman, MD, Emeritus, Georgetown University “An excellent illustration of what it’s like to have Down syndrome... Most moving here are the portrayals of strong family relationships.” —Publishers Weekly “Will open eyes and touch the heart.” —Library Journal

During my fourth year of teaching, I had the great privilege of working with an amazing educator by the name of Miss Bezanson. She taught a grade four class to whom I taught Physical Education. Therefore, I had the opportunity to socialize with her on a daily basis. About six months into the school year, Miss Bezanson gave me something that would forever change my teaching techniques and my life, afternoon, I was in Miss Bezanson's class discussing a student who was displaying increasing behavioural problems in my Physical Education class. Sensing that I was experiencing tremendous stress as a result of this student, she gave me something that touched my heart and reinforced an important life lesson. She handed me a small paper card entitled Hug Someone You Love Today. That was it! No preachy sermon or fancy teaching strategies. At that moment, I realized that maybe all that child needed was a simple hug. A sign of affection which he may or may not have been receiving at home. So the next day, I gave him a Hug Someone You Love Today card. From that day forward, I never had another major problem with that student. It was absolutely amazing. In this book, I will share with you some of the heart-felt, true stories that I have accumulated over the years as a result of passing out these Hug Someone You Love Today cards along to those in need. These are stories about normal folks like you and I, whose lives have been positively changed as a result of receiving this simple card. As you read these stories, hopefully you will begin to feel more peaceful and loving yourself.

**Jesus Laughed** - Jean Maalouf - 1996
God is not tamed by our theological speculations, nor by our churches, our managerial skills, or even our prayers. The Incarnate Word does not philosophize or theologize or reorganize; He lives, loves, comforts, heals, transforms. This is the way of Incarnational spirituality, an on-going dynamic for persons who would really let God loose in their lives. The Gospel happens anew each day in the tiniest of events. It gives Jesus, the Incarnate God, a chance to live on and transform the world again.

**Somebody's Daughter** - Julian Sher - 2013-04-01
They are America's forgotten children, the hundreds of thousands of child prostitutes who walk the Las Vegas Strip, the casinos of Atlantic City, the truck stops on interstates, and the street corners of our cities. Many people wrongly believe sex trafficking involves young women from foreign lands. In reality, the majority of teens caught in the sex trade are American girls—runaways and throwaways who become victims of ruthless pimps. In Somebody's Daughter: The Hidden Story of America's Prostituted Children and the Battle to Save Them, meet the girls who are fighting for their dignity, the cops who are trying to rescue them, and the community activists battling to protect the nation's most forsaken children. Author Julian Sher takes you behind the scenes to expose one of America's most underreported crimes: A girl from New Jersey gets arrested in Las Vegas and, at great risk to her own life, helps the FBI take down a million-dollar pimping empire. An abused teenager in Texas has the courage to take the stand in a grueling trial that sends her pimp away for 75 years. Survivors of the sex trade in New York, Phoenix, and Minneapolis set up shelters and rescue centers that offer young girls a chance to break free from the streets. &quot;The sex trade is the new drug trade,&quot; says one FBI special agent, and Somebody's Daughter is a call to action, shining a light on America's dirty little secret.

Grown-up Faith - Kevin Myers - 2019-01-29
Why isn't life everything we expected it to be? And why doesn't our faith resolve our frustrations and problems? Kevin Myers, the founding pastor of 12Stone Church, a congregation of more than 30,000 active attenders near Atlanta, believes the reason we don't experience a transformed life is that we fail to grow up spiritually. We focus on developing physically, intellectually, emotionally, and financially, yet our faith remains immature and anemic. In this powerful new book, Myers offers a deep yet simple roadmap to a grown-up faith through understanding the whole context of the Bible, developing spiritual intimacy with God, and gratefully embracing holy obedience. As you understand the Bible and the big picture of God's story with humanity, you begin to find answers to life's most compelling questions. As you begin to understand God more, your longing and ability to experience spiritual intimacy with him increases, as does your desire to obey what God asks of you and your ability to follow through. This is the way to the bigger life, a life even better than you expected--or even dreamed possible.

Switching Addictions . . . Why Didn't Someone Tell Me? - Marilyn Lancelot - 2010-10-15
"Switching Addictions" reveals snapshots of Marilyn Lancelot's life before she realizes it is possible to switch one addiction for another. Her first book, "Gripped by Gambling," chronicles her descent into compulsive gambling, followed by years of recovery. This book builds on that material, following Lancelot as she so easily slips into new addictive behavior patterns. Including helpful articles from Lancelot's friends and counselors, "Switching Addictions" aims to offer hope and strength to the addict, to their family members, and to those who have questions regarding their own behavior. Lancelot has included meaningful Bible verses, inspirational quotes, and a glossary of terms frequently used in recovery programs. Ultimately, Lancelot realizes that the roots of her different addictions are connected. This realization has allowed her to make many positive changes in her life in recent years. Anyone can change, and "it's never too late to find recovery and begin a new life."

Growing Up - Frank C. Strasburger - 2012-04
How do we become adults? Is it by moving out of our parents' house? Earning an independent income? Getting married? Having children? Buying a house? Those are the benchmarks most of us use, but Growing Up suggests that maturity is more about qualities of character. Through the poignant stories of nearly half a century working with young people as a teacher, school administrator, high school and college chaplain, parish priest, and father of three, Frank Strasburger shares the encouraging news that the pace and power with which we become adults is largely within our control. Chapter by chapter, he unfolds the real process of growing up: facing down the fear of failure, wrestling honestly with identity and relationship, finding passion, overcoming illusions of power, discovering faith, and discerning a sense of mission. Strasburger's bottom line: it is in serving others that we become the people we're meant to be.

Adam Southerland is the last man standing. His brothers and sisters have all found true love, and he’s still alone. It’s not by choice – not entirely. He wants one special person to come home to at the end of the day, someone to build a family with, but his job as a cop doesn’t make it easy. Until a pint-sized graffiti artist leads him to the woman he’s been dreaming of and the family he’s always wanted. Except busting Erica Braxton’s son for vandalism isn’t a great start. After her husband died in Afghanistan, widowing her and leaving her young son without a father, Erica had to figure out how to pick up the pieces and rebuild her shattered life. She’s finding a path through her grief, but her son gets angrier and more self-destructive every day. The one ray of hope is the sexy detective who’s so good for her boy and so dangerous to her heart. Erica and her son need a man in their lives and Adam wants the gun. If she gives her heart away, it will be to a nice safe accountant or insurance salesman. With crime in the normally quiet town heating up and Erica walloping her already wounded heart away, can Adam convince her to take a chance on them? Or will he be left alone again without someone to love? From USA Today and New York Times bestselling author Evelyn Adams, Someone to Love is the anticipated conclusion to the much loved Southerland series, but it can easily be read as a standalone.
