Competitive Russia: Foresight Model of Economic and Legal Development in the Digital Age - Agnessa O. Inshakova - 2020-04-17
This proceedings book presents papers from the 18th International Scientific Conference, held in September 2019 at Volgograd State University (Russia). The research findings are largely based on the theoretical assumptions of Oleg Inshakov, renowned for his pioneering work on the theory of economic genetics and the theory of “development nucleus” for economic systems. The papers focus on the impact of the 4th industrial revolution on economic growth, the concept of ecosystems corresponding to the rapid spread of digital technologies, regulatory and legal aspects of the Russian economy digitalization, the development of digital technologies in EAEU and BRICS foreign trade, and the corresponding law enforcement measures. The book is intended for academics and practitioners, as well as anyone interested in the problems of new industrialization and the digital transformation of the economy of business entities, regions, countries and integration unions, and their legal regulation to enhance competitiveness on a national and global scale

This novel follows the path of a young woman, Amina, as she makes her way through a city, a life, and a sense of self that have been ravaged by an earthquake. Inspired by an earthquake in northern Algeria in 2003, the author interweaves descriptions of the earthquake with descriptions of Amina’s family, culture, and country and her place within them. She leaves the reader to wonder whether Amina is fleeing the earthquake or something more complex.

Enclosed Garden - Angelina Muñiz-Hubermaen - 1988

Lil Mama’s Rules - Sheneska Jackson - 2001-08-07
Madison Maguire is a modern-day heroine who appears to have it all. She’s feisty, gorgeous, smart, and savvy -- a single woman playing the field and loving it. She sticks to the rules of dating she’s learned through life’s tough breaks as she fends off two-bit actors, old flames, and a determined secret admirer. The game changes, however, when Mr. Right appears on the scene. But just as Madison is about to follow her heart, her life turns upside down, forcing her to learn a whole new set of rules about love, loss, and trust.

Color Me Healthy - William Campbell Douglass - 2003-06-01
“He’s crazy!” “He’s got to be a quack!” “Who gave this guy his medical
license?” “He’s a nut case!” In case you're wondering, those are the
reactions you’ll probably get if you show your doctor this report. I know the
idea of healing many common ailments simply by exposing them to colored
light sounds far-fetched, but when you see the evidence, you’ll agree that
color is truly an amazing medical breakthrough. When I first heard the
stories, I reacted much the same way. But the evidence so convinced me,
that I had to try color therapy in my practice. My results were truly
amazing. I know it's hard to believe, but color therapy really works. And not
just for external wounds. It also works for many internal ailments at which
modern medicine just throws useless drugs and surgery.
