Warship 2019 2019-05-30 For over 40 years, Warship has been the leading annual resource on the design, development, and deployment of the world’s combat ships. Featuring a broad range of articles from a select panel of distinguished international contributors, this latest volume combines original research, new book reviews, Warship notes, an image gallery, and much more, maintaining the impressive standards of scholarship and research with which Warship has become synonymous. In the 2019 edition of this celebrated title, articles include Hans Lengerer’s exploration of the genesis of the Six-Six Fleet, Michele Cosentino’s look at Project 1030, Italy’s attempt to create a torpedo-armed attack and ballistic missile submarines, and A D Baker III’s drawing feature on the USS Lebanon. Detailed and accurate information is the keynote of all the articles, which are fully supported by plans, data tables and stunning photographs.
