Globalization: Stefan A. Arnell - 2007

Does globalization make things easier for everyone? Often the results of research on political economy are as various as the concerns of the institutions and policies in the process of globalization. The volume shows how research on "Globalization" has reached a milestone that makes it necessary to assess the perspectives for further research.

Antiracist Education: John Diamond - 2007

This book combines practice, theory, and an inspired vision of how teachers can lead dilemmatic situations and change the face of education. Along with ethnographic research of the governments of change that teachers experience during major educational reforms, the book looks at, and the real experiences of others.
